Re: *McCann v. Wooten*
Case No. 3AN-05-6836 Civil

To Whom It May Concern:

This firm represents Molly McCann in the above referenced divorce and child custody litigation. During the course of this litigation, as in all divorce and child custody litigation pursuant to Alaska Rule of Civil Procedure 26.1, financial, employment records and employment benefits releases were exercised by both parties. Mr. Wooten executed all the abovementioned releases and they were properly delivered to his employer who acted upon them and produced the requested records.

The governor's office, and particularly Governor Sarah Palin, has at no time had any involvement in this litigation. All records relevant to the litigation were obtained through the standard discovery process involved in every court case, as governed by the Alaska Rules of Court.

Sincerely Yours,

PALMIER ~ ERWIN LLC
